Re: Boucher for Congress C00178418
12 Day Pre-Election Report

Dear Ms. Sugarman:

I am writing to report an amendment to the Boucher for Congress Committee's 12 Day Pre-Election Report. Although this amendment does affect the cumulative total of one Year-to-Date total on the Committee's Report, it does not change the actual amount received and reported initially. I am simply writing to correct and add information to the Report.

Specifically, the amendment changes the Committee's Report in three ways. First, with regard to the last four contributors listed on Schedule A, Page 2 of 2 for Line number 11(a)(i), all are retired individuals. Therefore, in the Name of Employer box, I have added the word "Retired" as each of these individual's occupation and employer. An amended Schedule A, Page 2 of 2 for Line Number 11(a)(i) is attached for inclusion in the Committee's Report.

Second, on Schedule A, Page 9 of 9 for Line Number 11(c), the last two entries refer to the redesignation of a contribution from a political action committee. As this was an exception to the computer format that we currently use to produce these reports, I manually 'cut and pasted' this redesignation. Unfortunately, in the process not only did I inadvertently associate the redesignation with the wrong PAC, I also neglected to update the Aggregate Year-to-Date information. An amended Schedule A, Page 9 of 9 for Line Number 11 (c) is also attached to correct these errors. I am enclosing a copy of the redesignation letter from the affected PAC as well.

Lastly, on the Detailed Summary Page, Line 15, Column B Calendar Year-to-Date, I miscalculated the total. I am submitting an amended Detailed Summary Page to correct this \$21.15 error, and request that this amended Page be considered as part of the Committee's Report as well.

In the throws of a busy campaign season, oversights such as these are difficult to avoid. Nonetheless, they seem to occur with such frequency that I have tendered by resignation effective February 15, 2001. The Boucher for Congress Committee has hired a new Assistant Treasurer, Ms. Regina Cordle. Ms. Cordle is a skilled bookkeeper and
